

Session Program

23-28 Aug 2026

FEL2026 - 42nd International Free Electron Laser Conference

FEL Oscillators and Infrared FEL (Invited)

Tuesday 25 August

14:00

FEL Oscillators and Infrared FEL (Invited)

Session | Location: Stanford University

14:00–14:30 **Lasing of a Cavity Based X-ray Source**

Speaker

Maurizio Vannoni

14:30–15:00

Continuous THz Band Coverage through Precise Electron Beam Tailoring in Free-electron Lasers

Speaker

Kaiqing Zhang

15:00
