

Session Program

23-28 Aug 2026

FEL2026 - 42nd International Free Electron Laser Conference

Electron Beam Dynamics (Invited)

Wednesday 26 August

14:00

Electron Beam Dynamics (Invited)

Session | Location: Stanford University

14:00-14:25

Review of coherent synchrotron radiation-immune magnetic compressors

Speaker

Yi Jiao

14:25-14:50

Ultra-short FEL Pulses by Laser-driven Local Bunch Compression

Speaker

Philipp Amstutz

14:50
