

## Session Program

23-28 Aug 2026

# **FEL2026 - 42nd International Free Electron Laser Conference**

***Electron Beam Dynamics (Contributed)***

# Wednesday 26 August

14:50

## Electron Beam Dynamics (Contributed)

Session | Location: Stanford University

14:50-15:15

**Microbunching instability studies and lasing at FERMI with one-and two-stage compression scheme**

**Speaker**

Giovanni Campri

15:15-15:40

**Beam Halo Formation via Longitudinal-Transverse Coupling in Continuous-Wave Photoinjectors**

**Speaker**

Zhen Zhang

15:40
