

LINAC 2026

DAEJEON, KOREA

AUGUST 16-21, 2026

Exhibitor and Sponsorship Prospectus

August 16 – 21, 2026 | Daejeon Convention Center | Daejeon, Republic of Korea

Join LINAC2026 as a sponsor or exhibitor and connect directly with a highly specialized global community of linear accelerator researchers, engineers, and users.

Enhance your visibility and engagement at LINAC2026 through a range of sponsorship and exhibition opportunities. As availability is limited, early reservation is strongly encouraged.

Dear Prospective Sponsor / Exhibitor:

It is our great pleasure to invite you to participate as an exhibitor and sponsor at LINAC2026, the 33rd Linear Accelerator Conference, covering all aspects of linear accelerator science and technology. LINAC2026 will be held August 16 to 21, 2026, at the Daejeon Convention Center (DCC) in Daejeon, Republic of Korea. The conference is hosted by the Institute for Rare Isotope Science (IRIS) and Korea Accelerator and Plasma Research Association (KAPRA).

LINAC2026 is expected to welcome over 300 scientists and engineers from research laboratories, universities, and institutions worldwide, all actively engaged in linear accelerator research and related technologies. The scientific program will feature invited talks highlighting major ongoing and future linac projects, advances in R&D, emerging technologies and methodologies, and a wide range of industrial applications. The program also includes dedicated sessions for industrial participation, including lightning talk sessions, providing each exhibitor with a one-minute opportunity to introduce their company and technologies to the full audience.

The exhibition area will host product manufacturers and service providers throughout the conference period, from Sunday afternoon through Thursday afternoon, alongside the technical sessions. To maximize interaction and visibility, all lunches and refreshment breaks will be held in the exhibition area, creating multiple opportunities for direct engagement with conference participants. Detailed information on the exhibition layout is available on the conference website.

We warmly invite you to take advantage of this unique opportunity to showcase your latest products, services, and solutions to a highly knowledgeable and focused international linac community. Please mark LINAC2026 on your calendar, and do not hesitate to contact us should you require any additional information.

We look forward to welcoming you to Daejeon, Korea, in August 2026!

Sincerely,
Hyung Jin Kim,
Chair, LINAC2026
