

LINAC2026 Conference Committees

Conference Chair

Hyung Jin Kim (Institute for Basic Science)

Scientific Programming Committee

Chair: Dong-O Jeon (Institute for Basic Science)
Alexander Aleksandrov (Oak Ridge National Laboratory)
Sandra Biedron (Center for Bright Beams)
Kip Bishofberger (Los Alamos National Laboratory)
Graeme Burt (Cockcroft Institute)
John Byrd (Argonne National Laboratory)
Enrica Chiadroni (Istituto Nazionale di Fisica Nucleare)
Stefan Choroba (Deutsches Elektronen-Synchrotron)
Gianluigi Ciovati (Thomas Jefferson National Accelerator Facility)
Paolo Craievich (Paul Scherrer Institut)
Jean Delayen (Old Dominion University)
Hiroyasu Ego (High Energy Accelerator Research Organization)
Dan Faircloth (Rutherford Appleton Laboratory)
Robin Ferdinand (Grand Accélérateur National d'Ions Lourds)
Lars Groening (GSI Helmholtzzentrum für Schwerionenforschung GmbH)
Edda Gschwendtner (European Organization for Nuclear Research)
Yuan He (Institute of Modern Physics, CAS)
Takahiro Inagaki (SPRING-8)
Walid Kaabi (IJCLab)
Osamu Kamigaito (High Energy Accelerator Research Organization)
Masao Kuriki (Hiroshima University)
Sang-Ho Kim (Oak Ridge National Laboratory)
Yasuhiro Kondo (J-PARC)
Vinit Kumar (RRCAT)

Hyeok-Jung Kwon (Korea Atomic Energy Research Institute)
Robert Laxdal (TRIUMF)
Matthias Liepe (Cornell University)
Huachang Liu (Institute of High Energy Physics)
Yuanrong Lu (Peking University)
Catherine Madec (Commissariat à l'Energie Atomique)
Emilio Nanni (SLAC National Accelerator Laboratory)
Peter Ostroumov (Michigan State University)
Alex Picksley (Lawrence Berkeley National Laboratory)
Paolo Pierini (European Spallation Source)
Andrea Pisent (INFN - Laboratori Nazionali di Legnaro)
Sutber Ramberger (European Organization for Nuclear Research)
Deepak Raparia (Brookhaven National Laboratory)
Tor Raubenheimer (SLAC National Accelerator Laboratory)
Alwin Schempp (Goethe Universität Frankfurt)
Nikolay Solyak (Fermi National Accelerator Laboratory)
Purushottam Srivastava (RRCAT)
Chuanxiang Tang (Tsinghua University in Beijing)
Sami Tantawi (Arizona State University)
Dong Wang (Shanghai Institute of Applied Physics)
Hans Weise (Deutsches Elektronen-Synchrotron)
Leo Weissman (Soreq Nuclear Research Center)
Marion White (Argonne National Laboratory)
Vyacheslav Yakovlev (Fermi National Accelerator Laboratory)
Yoshishige Yamazaki (Michigan State University)

International Organizing Committee

Chair: Hyung Jin Kim (Institute for Basic Science, Korea)
John Byrd (Argonne National Laboratory, United States)
John Barnard (Lawrence Livermore National Laboratory, United States)
Lars Groening (GSI Helmholtzzentrum für Schwerionenforschung GmbH, Germany)
Dan Berkovits (Soreq Nuclear Research Center, Israel)
Graeme Burt (Lancaster University, United Kingdom)
Enrica Chiadroni (Istituto Nazionale di Fisica Nucleare, Italy)
Eric Colby (Department of Energy, United States)
Hakan Danared (European Spallation Source, Sweden)
Jean Delayen (Old Dominion University, United States)
Alberto Facco (Istituto Nazionale di Fisica Nucleare, Italy)
Chuck E. Taylor (Los Alamos National Laboratory, United States)
Terry Garvey (Paul Scherrer Institut, Switzerland)
Pei Guoxi (Institute of High Energy Physics, China)
Kevin Jones (European Spallation Source, Sweden)
Heung-Sik Kang (Pohang University of Science and Technology, Korea)
Dinakar Kanjilal (Inter-University Accelerator Centre, India)
Shigeru Kashiwagi (Tohoku University, Japan)
Robert Laxdal (TRIUMF, Canada)
Peter McIntosh (Science and Technology Facilities Council, United Kingdom)
Hidetomo Oguri (Japan Atomic Energy Agency, Japan)
Peter Ostroumov (Michigan State University, United States)

Nicolas Pichoff (French Alternative Energies and Atomic Energy Commission, France)
Fulvia Pilat (Oak Ridge National Laboratory, United States)
Milorad Popovic (Fermi National Accelerator Laboratory, United States)
Deepak Raparia (Brookhaven National Laboratory, United States)
Tor Raubenheimer (SLAC National Accelerator Laboratory, United States)
Ulrich Ratzinger (Goethe Universität Frankfurt, Germany)
Masanori Satoh (High Energy Accelerator Research Organization, Japan)
Volker Schlott (Paul Scherrer Institute PSI, Swiss)
Hongwei Zhao (Institute of Modern Physics, China)
Stan Schriber (By-laws Host) (Michigan State University (Retired), United States)
John Seeman (SLAC National Accelerator Laboratory, United States)
Alessandro Variola (Istituto Nazionale di Fisica Nucleare, Italy)
Alessandra Lombardi (European Organization for Nuclear Research, Switzerland)
Yoshishige Yamazaki (Michigan State University, United States)
Hans Weise (Deutsches Elektronen-Synchrotron, Germany)
Carsten Welsch (University of Liverpool, United Kingdom)
Marion White (Argonne National Laboratory, United States)

LINAC2026 Conference Committees

Local Organizing Committee

Chair: Hyung Jin Kim (Institute for Basic Science)
Dong-O Jeon (Institute for Basic Science)
Dong-Eon Kim (Pohang Accelerator Laboratory)
Han Sung Kim (Korea Atomic Energy Research Institute)
Chong Shik Park (Korea University)
Moses Chung (Pohang University of Science and Technology)
Junho Yoo (Institute for Basic Science)

Miyeon Jeong (Institute for Basic Science)
Jangwon Kwon (Institute for Basic Science)
Yujung Ahn (Institute for Basic Science)
Sangyoon Bae (Institute for Basic Science)
Jangwon Han (Institute for Basic Science)
Yoo Lim Cheon (Institute for Basic Science)
Eunsang Kwon (Institute for Basic Science)

Editorial Team

Editor-in-Chief: Dong-Eon Kim (Pohang Accelerator Laboratory)
Co-Editor-in-Chief: Jangwon Kwon (Institute for Basic Science)
Yujung Ahn (Institute for Basic Science)
Jae-yu Lee (Pohang Accelerator Laboratory)
Lin Bian (Institute of High Energy Physics, Chinese Academy of Sciences)
Thakonwat Chanwattana (Synchrotron Light Research Institute)

Yung-Sen Cheng (National Synchrotron Radiation Research Center)
Manuel J. Gutiérrez (IFMIF-DONES España)
Maurizio Montis (Istituto Nazionale di Fisica Nucleare)
Volker RW Schaa (GSI Helmholtzzentrum für Schwerionenforschung GmbH)
Akito Uchiyama (Nishina Center)
