Content Updates

- Asian proceedings web server at epaper.kek.jp
  - A part of KEK's official web site, now
    - Moved from Windows server in February 2019
    - Server hardware is managed by the computing science center, KEK
  - Contents are managed by K.Furukawa since April 2007
    - YongHo-Chin and his student started the server in February 2002
- Updates are triggered by announcement from Stefano or Volker
  - (Until some time ago, also by Automatic monitoring of 'Updates' page at CERN)
- Post modifications for local information
- Some information is not updated, sorry
  - It is preferable to remember server choices at jacow.org via cookie

Status (as of Oct.2026.)

- **Archive size**
  - Approximately 590GByte in total including backup files
    - ~300GB without backup files (original zip/tar/7zip files)
- **Access**
  - I don't analyze recent web server logs
  - In 2015
    - Received approximately 30000 hits per day (for whole archive)
      - Large part (>50%?) of them comes from search-engine crawlers
    - Served approximately 7-Gbytes per day
- **Stable**
  - Service interruption during summer power-cut for 2 days

Other JACoW Activities at KEK

- Since 1990s many people attended JACoW for editing (because of Asian 16bit characters)

- Since 2009 SPMS server in KEK until 2023
