

## **Session Program**

**27 September 2026 to 1 October 2026**

# **ECRIS'26 - the 27th International Workshop on ECR Ion Sources**

## ***MOC: Oral session***

Hilton San Francisco - Financial District  
750 Kearny Street, San Francisco, CA 94108

# Monday 28 September

14:00

## MOC: Oral session

**Session** | **Location:** Hilton San Francisco - Financial District, 750 Kearny Street, San Francisco, CA 94108

14:00-14:30

### **Towards a >40 GHz ECR Ion Source with Nb<sub>3</sub>Sn Magnets: Fabrication and Performance of a Mirror Magnet with a Prototype Nb<sub>3</sub>Sn Sextupole Coil**

**Speaker**

Tengming Shen

14:30-15:00

### **Design and Modeling of the Superconducting Magnet System of an ECRIS for Applications in Graphene Doping**

**Speaker**

Marco Antonio Ortiz Villicaña

15:00-15:30

### **Ultracompact Low-Power ECR Sources: Bridging Micro-Scale Plasma and Industrial Beam Applications**

**Speaker**

Jerome Vernieres

15:30-16:00

### **CUBE-ECRIS - lessons learned**

**Speaker**

Olli Tärvinen

16:00
