

Session Program

27 September 2026 to 1 October 2026

ECRIS'26 - the 27th International Workshop on ECR Ion Sources

THA: Oral session

Hilton San Francisco - Financial District
750 Kearny Street, San Francisco, CA 94108

Thursday 1 October

09:00

THA: Oral session

Session | **Location:** Hilton San Francisco - Financial District, 750 Kearny Street, San Francisco, CA 94108

09:00–09:30

First Results from the Nusano 60 kV ECR Ion Source and Low-Energy Beam Transport System

Speaker

Ruoyu Fang

09:30–10:00

Advances in beam line diagnostics for the VENUS ion source

Speaker

Jessica Rehak

10:00–10:30

Learning Hidden Plasma and Transport States from Operational Data in the FRIB ECR Ion Source

Speaker

Luciano Silvestri

10:30–11:00

On the effective injection of neutral material into an ECR plasma

Speaker

Damon Todd

11:00
