## **RF CM Test Program at ESS TS2**

*Wednesday, 10 May 2023 16:30 (2 hours)*

We present here the RF test program of the ESS TS2. Several tools have been prepared at TS2 for the later stages of the technical commissioning in the linac. Automated tools for tuning the cavities to resonance using spectral analysis or cavity gradient calibration have been deployed and tested to assist the later stages of facility commissioning.
