

IPAC'23 - 14th International Particle Accelerator Conference

Tuesday, 9 May 2023

MC03.2 - Novel Particle Sources and Acceleration Techniques (Contributed) - Sala Darsena (11:30 - 12:30)

-Conveners: Evgenya Simakov

| time | [id] title | presenter |
|-------|---|-------------------------|
| 11:30 | [2466] Recent experimental results from the dielectric wakefield acceleration program at CLARA facility | PACEY, Thomas |
| 11:50 | [2369] Dielectric laser acceleration for dark sector studies | DADASHI MOTLAGH, Raziye |
| 12:10 | [1585] First demonstration of spin-polarized electrons from gallium nitride photocathodes | LEVENSON, Samuel |
