

# IPAC'23 - 14th International Particle Accelerator Conference

## Tuesday, 9 May 2023

### MC05.2 - Beam Dynamics and Electromagnetic Fields (Contributed) - Sala Darsena (09:30 - 10:30)

time	[id] title	presenter
09:30	[962] A novel method to suppress the emittance variation in extremely low emittance light source storage rings	SOUTOME, Kouichi
09:50	[1494] Experimental confirmation of the impedance reduction campaign in the CERN SPS	PAPOTTI, Giulia
10:10	[1462] New techniques for the LNL superconductive linac ALPI beam dynamics simulations and commissioning	BELLAN, Luca
