

IPAC'23 - 14th International Particle Accelerator Conference

Tuesday, 9 May 2023

MC02.1 - Photon Sources and Electron Accelerators (Contributed) - Sala Darsena (15:30 - 16:30)

-Conveners: Alessandro Fabris

time	[id] title	presenter
15:30	[1870] Megaelectron-Volt ultrafast electron microscope – the future of electron imaging	WANG, Xijie
15:50	[556] Fabrication, conditioning, installation and commissioning with the beam of the first High Gradient (HG) module for the FERMI linac upgrade	SHAFQAT, Nuaman
16:10	[2496] User delivery experience of Hard X-ray Self-seeding at the European XFEL	GELONI, Gianluca
