Session Program

May 7 – 12, 2023

IPAC'23 - 14th International Particle Accelerator Conference

MC01.2 - Colliders and other Particle Physics Accelerators (Contributed)

Venice, Italy
Lungomare Marconi 1861 30126 Lido di Venezia Italy

Wed, May 10

3:30 PM

MC01.2 - Colliders and other Particle Physics Accelerators (Contributed)

Session | **Location:** Sala Grande | **Convener:** Jie Gao

3:30 – 3:50 PM **The need for Nb3Sn coated Cu cavities for future accelerators**

Speaker
Emanuela Barzi

3:50 – 4:10 PM **An experimental study of X-Y emittance repartitioning in KEK-STF**

Speaker
Zachary Liptak

4:10 – 4:30 PM
PERLE: a novel facility for ERL development and applications in multi-turn configuration and high-power regime

Speaker
Walid Kaabi

4:30 PM
