

IPAC'23 - 14th International Particle Accelerator Conference

Wednesday, 10 May 2023

MC01.2 - Colliders and other Particle Physics Accelerators (Contributed) - Sala Grande (15:30 - 16:30)

-Conveners: Jie Gao

time	[id] title	presenter
15:30	[2592] The need for Nb3Sn coated Cu cavities for future accelerators	BARZI, Emanuela
15:50	[910] An experimental study of X-Y emittance repartitioning in KEK-STF	LIPTAK, Zachary
16:10	[2567] PERLE: a novel facility for ERL development and applications in multi-turn configuration and high-power regime	KAABI, Walid
