

# IPAC'23 - 14th International Particle Accelerator Conference

## Wednesday, 10 May 2023

### MC07.2 - Accelerator Technology and Sustainability (Contributed) - Sala Darsena (15:30 - 16:30)

-Conveners: Giovanni Bisoffi

time	[id] title	presenter
15:30	[1795] A short-length transport line for laser-plasma accelerators using HTS periodic magnets	FATEHI, Samira
15:50	[1321] Novel iron lamination for fast kicker magnets with high flux density	FUKAMI, Kenji
16:10	[1476] High-power tests of the compactly HOM-damped TM020-cavities for a next generation light source	INAGAKI, Takahiro
