

# IPAC'23 - 14th International Particle Accelerator Conference

## Thursday, 11 May 2023

### MC05.3 - Beam Dynamics and Electromagnetic Fields (Contributed) - Sala Grande (11:30 - 12:30)

-Conveners: Rogelio Tomas

time	[id] title	presenter
11:30	[2027] Beam dynamics optimization for high gradient beam driven plasma wakefield acceleration at SPARC-Lab	CARILLO, Martina
11:50	[708] Beam tomography with coupling using maximum entropy technique	TRAN, Anthony
12:10	[2568] A Study on Differentiable Space Charge Model Based on the Green's Function Solver	PARK, Chong Shik
