

IPAC'24 - 15th International Particle Accelerator Conference

Tuesday, 21 May 2024

TUBN: Novel Particle Sources and Acceleration Techniques (Contributed) - Room 104 (11:30 - 12:30)

-Conveners: Evgenya Simakov

time	[id] title	presenter
11:30	[496] High power experimental results of a multicell dielectric disk accelerating structure	WEATHERLY, Sarah
11:50	[1407] Next-generation laser-plasma acceleration	FUCHS, Matthias
12:10	[986] Staging of high-efficiency and high-quality laser-plasma accelerators for collider applications	TERZANI, Davide
