

IPAC'24 - 15th International Particle Accelerator Conference

Wednesday, 22 May 2024

WEBN: Beam Instrumentation, Controls, Feedback and Operational Aspects (Contributed) - Room 104 (11:30 - 12:30)

-Conveners: Alexander Aleksandrov

time	[id] title	presenter
11:30	[2011] Complete 6D tracking of a single electron in the IOTA ring	ROMANOV, Alexander
11:50	[1834] Higher order mode detection as a beam offset monitor for LCLS-II	NEVEU, Nicole
12:10	[476] Availability and luminosity in the Future Circular Electron-Positron Collider (FCC-ee)	HERON, John
