

IPAC'24 - 15th International Particle Accelerator Conference

Thursday, 23 May 2024

THBD: Beam Dynamics and Electromagnetic Fields (Contributed) - Davidson Ballroom (11:30 - 12:30)

-Conveners: Seunghwan Shin

time	[id] title	presenter
11:30	[625] Commissioning optics: larger dynamic aperture and Touschek lifetime at the (temporary) cost of larger horizontal emittance in 4th generation light sources	CHARLES, Tessa
11:50	[960] Bunch lengthening induced by a combination of higher-harmonic cavities of different order in low-emittance rings	BASSI, Gabriele
12:10	[747] Preparation for experimental demonstration of arbitrary correlation generation	HA, Gwanghui
