

Exhibitor and Sponsorship Prospectus

August 25-30, 2024 | Hilton Chicago | Chicago, Illinois |

Become a sponsor of LINAC 2024! Meet a targeted audience of linac researchers and users in a special setting!

Enhance your visibility at LINAC2024 by becoming a sponsor. Sponsorship packages are limited, so reserve your sponsorship package early.

Dear Prospective Sponsor/Exhibitor:

It is my privilege to invite you to exhibit at and sponsor LINAC2024, the 32nd occasion of the biannual conference covering all aspects of linear accelerators. LINAC2024 will be held August 25 to 30, 2024, at the Hilton Chicago in Chicago, Illinois, and is hosted by Argonne National Laboratory and Fermi National Accelerator Laboratory.

The LINAC2024 is expected to attract over 300 scientists and engineers from research laboratories and institutions around the world who are active in the field of linear accelerators and associated technologies. We are putting together an exciting program of invited speakers to report on major current and future linac projects, frontiers in R&D, new technologies and methods, and industrial applications. The program also includes a dedicated session for industrial vendors that will feature a talk from the Office of DOE's Accelerator R&D and Production (ARDAP) and a session for lightning talks that will feature one-minute presentations from each vendor.

The exhibitor areas will consist of product manufacturers and service providers and will be held Monday afternoon – Thursday morning along with the technical conferences. In order to ensure maximum exposure, the exhibitor halls will be the site of all lunches and refreshment breaks with multiple opportunities to engage with the audience. Please see details of the exhibitor layout are available on the [conference website](#).

Don't miss this exceptional opportunity to present your company's latest products, services, and techniques in an intimate setting to a large, technically knowledgeable linear accelerator audience.

Add this important event to your calendar, and please feel free to contact us at any time if you have any questions.

We look forward to seeing you in Chicago!

Sincerely,

[John Byrd](#), Argonne National Laboratory, Conference Co-Chair

[Charles Thangaraj](#), Fermi National Accelerator Laboratory, Exhibitor Co-Chair
