

FEL2024 - 41st International Free Electron Laser Conference

Wednesday 21 August 2024

Electron beam dynamics: Session-7 (11:00 - 12:50)

-Conveners: Yuantao Ding

time	[id] title	presenter
11:00	[202] Chicane or arc compressors for FEL? - Experience with the MAX IV arc compressors and beyond	THORIN, Sara
11:35	[158] Microbunching Instability Mitigation Strategies and Diagnostic Methods	BRYNES, Alexander
12:10	[169] Recent Progress in Steady-State Micro-Bunching Light Source Development	PAN, Zhilong
12:30	[264] First measurements of quantum diffusion in an undulator	TOMIN, Sergey
