

IBIC2024 - 13th International Beam Instrumentation Conference

Thursday, 12 September 2024

THB: Machine Parameter Measurements: THBI (Invited Oral) - China Hall 2 (10:50 - 11:50)

-Conveners: Peter Forck

time	[id] title	presenter
10:50	[4] High-dimensional and ultra-sensitive diagnostics for electron beams	JASTER-MERZ, Sonja
11:20	[22] Nondestructive beam energy measurement using RF cavity beam arrival time monitor	CAO, Shanshan

THB: Machine Parameter Measurements: THBC (Contributed Oral) - China Hall 2 (11:50 - 12:30)

-Conveners: Peter Forck

time	[id] title	presenter
11:50	[190] Laser modulator for SSMB used as a diagnostic tool	KRUSCHINSKI, Arnold
12:10	[209] Observation and study of space charge effect frequency shifts in high-intensity accelerators	AN, Yuwen
