## IPAC'25 - the 16th International Particle Accelerator Conferece

Contribution ID: 14

Type: Invited Oral Presentation

## **ILC** accelerator status

Monday 2 June 2025 14:00 (30 minutes)

In this talk, ILC accelerator IDT development status will be given, where positron source, final focus system ATF3, SRF cavity and cryomodule, civil engineering design, green ILC technologies, etc. will be presented in detail.

## **Footnotes**

## **Funding Agency**

Primary author: SAKAI, Hiroshi (High Energy Accelerator Research Organization)

Presenter: SAKAI, Hiroshi (High Energy Accelerator Research Organization)

Session Classification: MOZD: Colliders and Related Accelerators (Invited)

Track Classification: MC1: Colliders and Related Accelerators: MC1.A01 Hadron Colliders
