

Session Program

Oct 19 - 24, 2025

**HB2025 - the 71st ICFA Advanced Beam
Dynamics workshop on High-Intensity and High-
Brightness Hadron Beams**

TUIBB WGA invited oral

Tue, October 21

11:00 AM

TUIBB WGA invited oral: TUIBB

Session | Location: Huizhou, Guangdong province, China | Convener: Sheng Wang

11:00 – 11:30 AM	Challenges and Progress of the dual-plane painting injection in the HIAF Booster Ring Speaker Guodong Shen
11:30 AM – 12:00 PM	Coherent Stability Considerations for High-Intensity Beam Production at FAIR Speaker Vladimir Kornilov
12:00 – 12:30 PM	Commissioning of NICA injection complex Speaker Valeri Lebedev

12:30 PM
