

Session Program

Oct 19 - 24, 2025

**HB2025 - the 71st ICFA Advanced Beam
Dynamics workshop on High-Intensity and High-
Brightness Hadron Beams**

TUIBC WGB invited oral

Tue, October 21

11:00 AM

TUIBC WGB invited oral: TUIBC

Session | Location: Conference Center, Room C | Convener: Takahiro Nishi

11:00 – 11:30 AM A Novel Linac Simulation Code AVAS

Speaker
Chao Jin

11:30 – 11:50 AM

Self-field compensation utilizing nonlinear fields at the front-end of a linear ion accelerator

Speaker
Motoki Chimura

11:50 AM – 12:20 PM

Hadron Sources and Linacs activities in the Accelerator Beam Physics Group at CERN.

Speaker
Jean-Baptiste Lallement

12:30 PM
