

## **Session Program**

**Oct 19 - 24, 2025**

**HB2025 - the 71st ICFA Advanced Beam  
Dynamics workshop on High-Intensity and High-  
Brightness Hadron Beams**

***TUIDC WGD invited oral***

Tue, October 21

4:00 PM

TUIDC WGD invited oral: TUIDC

Session | Location: Conference Center, Room C

4:00 – 4:30 PM CERN Proton Synchrotron Booster High-Intensity Operation

Speaker  
Mariangela Marchi

4:30 – 5:00 PM Intense Heavy Ion Beam Acceleration and Operation with LEAF

Speaker  
Yao Yang

5:00 – 5:30 PM  
Commissoning of the new high intensity 300keV H- injection line at TRIUMF

Speaker  
lige zhang

5:30 – 6:00 PM  
Recent progress on FFAG beam commissioning and operational aspects

Speaker  
Tomonori Uesugi

6:00 – 6:30 PM  
Beam Loading in the Superconducting Cavities at the European Spallation Source Linac

Speaker
