

Session Program

Oct 19 - 24, 2025

**HB2025 - the 71st ICFA Advanced Beam
Dynamics workshop on High-Intensity and High-
Brightness Hadron Beams**

THCBC WGC contributed oral

Thu, October 23

11:30 AM

THCBC WGC contributed oral: THCBC

Session | **Location:** conference center, room C

11:30 – 11:50 AM

Overview of present and future hadron beam collimation

Speaker

Stefano Redaelli

11:50 AM – 12:10 PM

Low-frequency transverse resonator impedances on the ISIS proton synchrotron

Speaker

David Posthuma de Boer

12:10 – 12:30 PM

Laser-assisted H- stripping injection for the CSNS-II RCS

Speaker

Ming-Yang Huang

12:30 PM
