JACoW's Relationship to Committees:

Scientific Program Committee (SPC)

- The **SPC** meets several (~3) times before the conference:
 - 1st: Advises SPC chair on classifications and Organize scientific program, schedule, synoptic table.
 - 2nd: Recommends, selects, invites invited oral contributions.
 - 3rd: Selects contributed oral contributions from submitted abstracts and Balance scientific program: topic, geography, gender.
- **SPC** interactions are through use of **Indico** to organize scientific program + emails (responses come to your mailbox) and occasional Excel spreadsheets:
 - titan.email for our Wordpress website came with "Email read" feature.
 - Excel version of Synoptic Table was my guiding star!

IPAC'24 Synoptic Table

Time	Sunday 19 May	Monday 20 May	Tuesday 21 May	Wednesday 22 May	Thursday 23 May	Friday 24 May	Saturday 25 May

Lab Tour ORNL

- MC1 - Colliders and other Particle and Nuclear Physics Accelerators
- MC2 - Photon Sources and Electron Accelerators
- MC3 - Novel Particle Sources and Acceleration Techniques
- MC4 - Hadron Accelerators
- MC5 - Beam Dynamics and Electromagnetic Fields
- MC6 - Beam Instrumentation, Controls, Feedback and Operational Aspects
- MC7 - Accelerator Technology and Sustainability
- MC8 - Applications of Accelerators, Technology Transfer and Industrial Relations and Outreach
- MC9 - Engagement with Industry, Knowledge Exchange and Industrial Relations

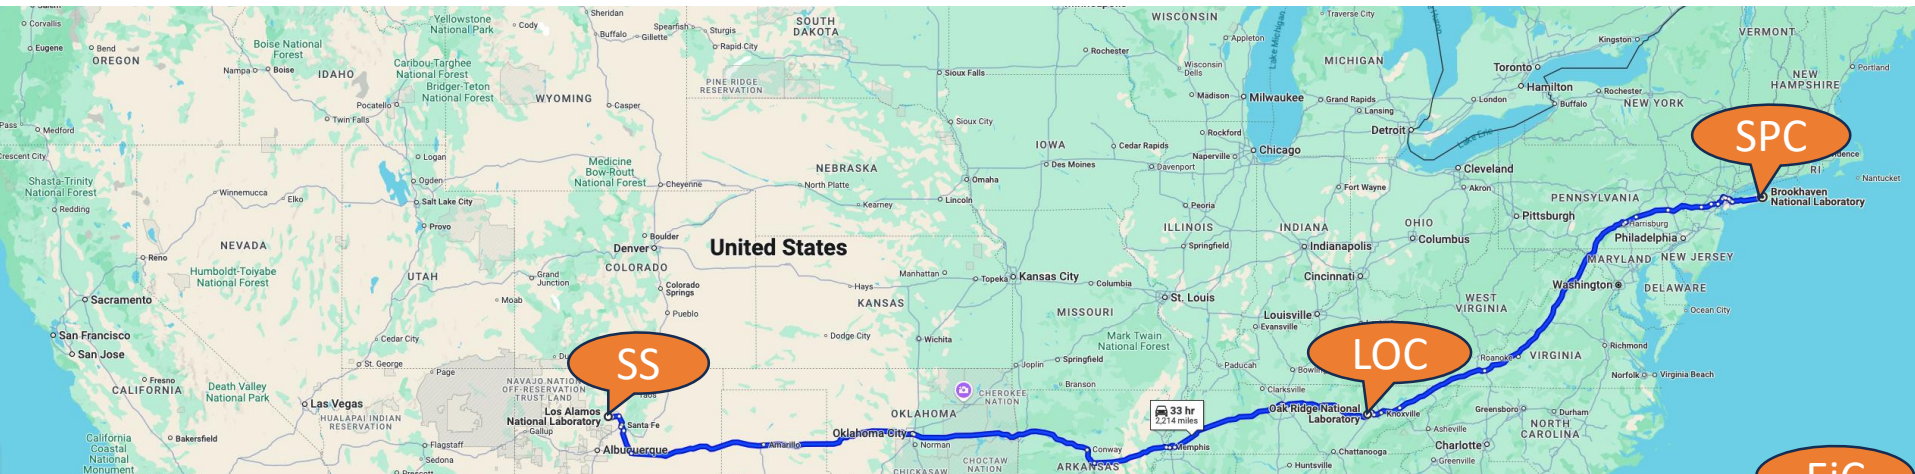

JACoW's Relationship to Committees:

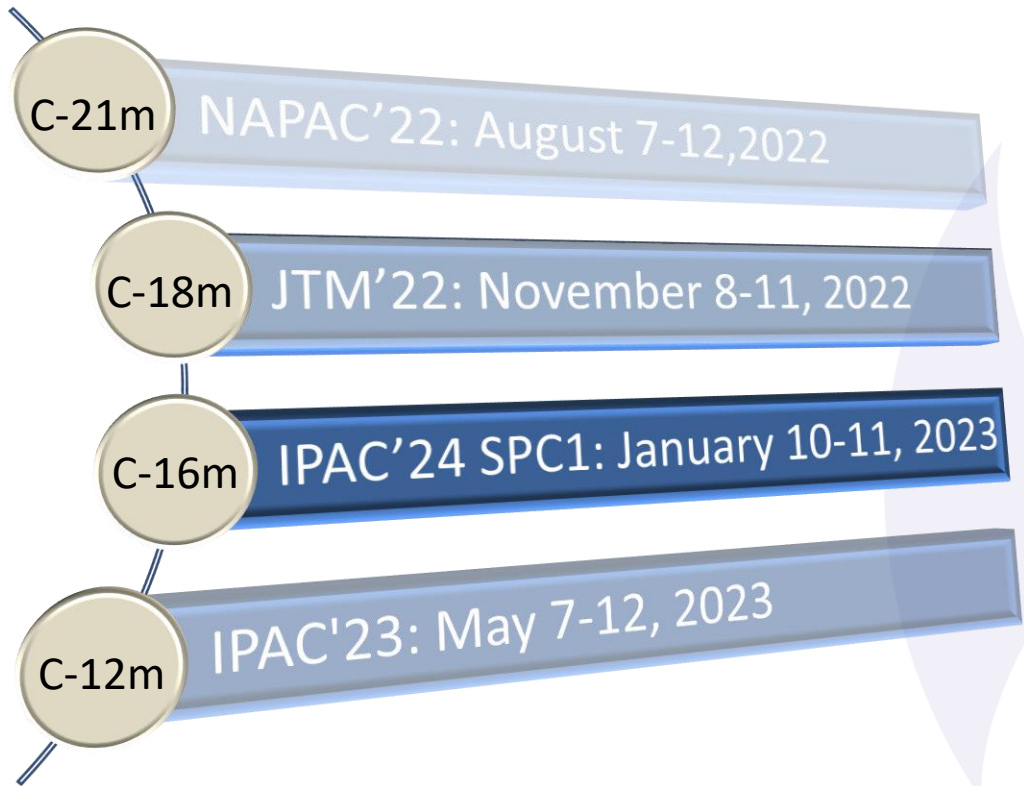

Scientific Program Committee (SPC)

- However, the SPC organizes much of its work through **Indico**
 - Recommendations for and voting on invited speakers
 - Abstract submission
 - Recommendations for and voting on contributed speakers
 - Scientific program organization, including statistical balance
 - Paper and presentation submission
 - Email organization/tracking with authors and committee members
- **Indico**/SPC coordination is done by the Scientific Secretariat
 - Not explicitly a **JACoW** role but should be **JACoW** knowledgeable.
- Scientific Secretariat is Primary **Indico** administrator
 - Involved in nearly all functions that flow through **Indico**
 - **Indico** main function: Scientific Program Management

Communications, Communications, ... Lots of Emails

1st meeting of SPC

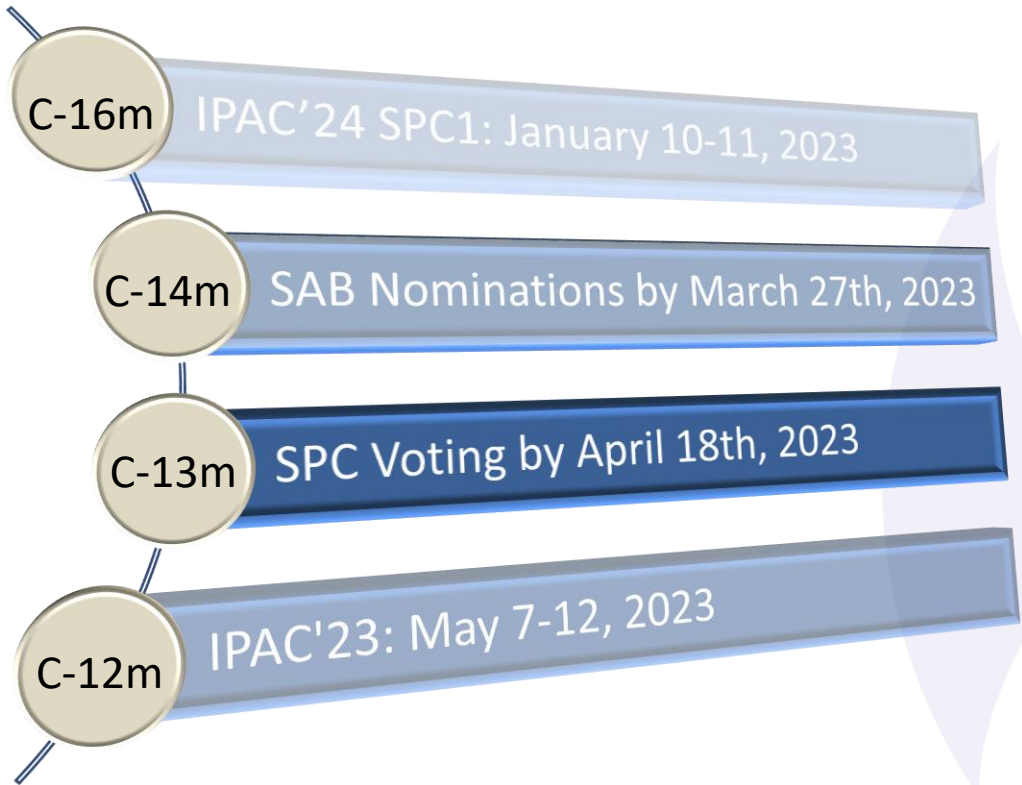

- SPC Chair for IPAC'23 is sharing insights and passes the baton to IPAC'24 SPC:
 - No peer review publications for IPAC'24;
 - Simplified workflow for speaker nominations;
 - Main classification descriptions were finalized on January 17th;
- Follow-ups:
 - Indico Instance has been created by Ivan Andrian on January 31st;
 - Roles Setup for SPC, SAB-Asia, SAB-Am and SAB-EU has been completed;
 - Tracks created on March 3rd, 2023 and updated on March 6th, 2023;
 - Email requesting Invited Orals Nominations was sent to SAB members on March 7th with March 27, 2023 deadline:
 - 1st reminder sent via Indico on March 14th, 2023 since only 25 proposals received;
 - 2nd reminder sent via Indico on March 24th, 2023 since only 155 proposals received;
 - **Some SAB members could not submit by March 27th, 2023 – no extension.**

SAB Nominations Collected

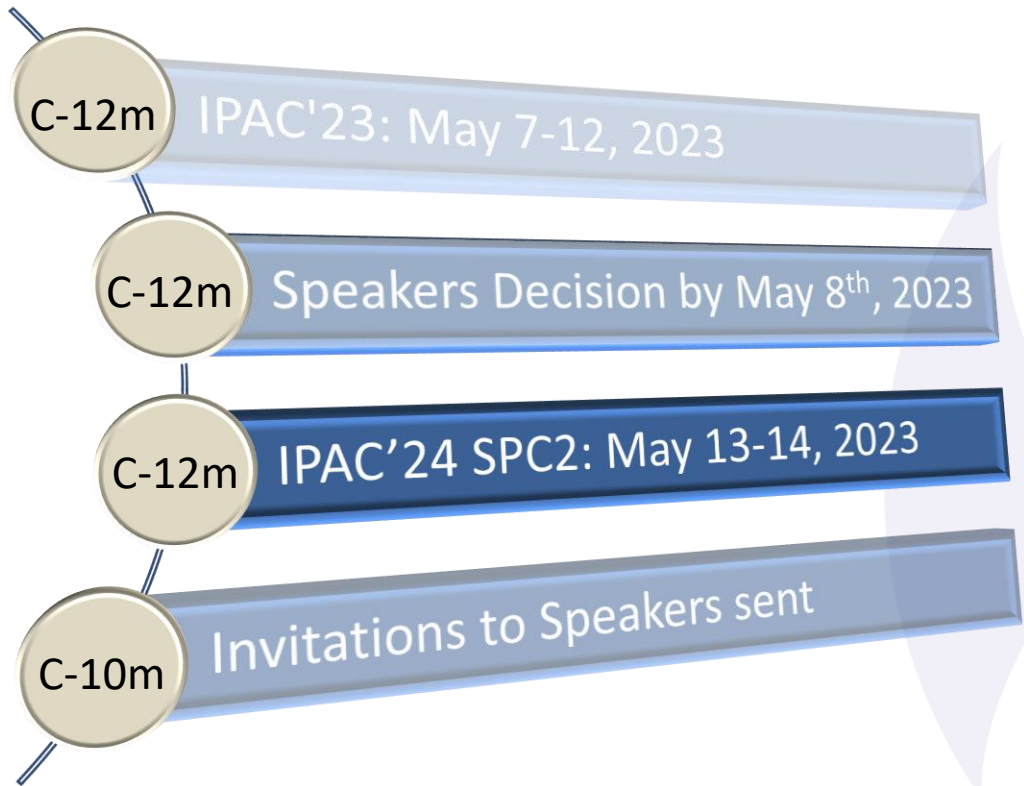

- MC coordinators based on SPC membership have been added to Indico;
- SS has conducted Abstract QA prior to asking SPC members to vote;
- Follow-ups:
 - Email to SPC members was sent on April 5th to review MC and assign priorities for Invited Oral proposals (366 total);
 - April 18th, 2023 deadline;
 - April 13th, 2023 1st reminder sent!
 - April 18th, 2023 final reminder sent.
- Outcomes:
 - Excel spreadsheets for each MC with ranking based on votes in Indico.

MC Description	Coordinator (Americas)	Deputy (Asia/Europe)	Count
0 Plenary Talks	Wolfram Fischer (BNL) - SPC Chair	Fulvia Pilat (ORNL) - OC Chair	0
1 Colliders and other Particle and Nuclear and Physics Accelerators	Michiko Minty (BNL)	Jie Gao (IHEP)	50
2 Photon Sources and Electron Accelerators	Kathy Harkay (ANL)	Alessandro Fabris (Elettra)	69
3 Novel Particle Sources and Acceleration Techniques Physics Accelerators	Evgenya Simakov (LANL)	Victor Malka (Weizman IoS)	34
4 Hadron Accelerators	Yoshishige Yamazaki (FRIB)	Yoichi Sato (KEK)	45
5 Beam Dynamics and EM Fields	Tor Raubenheimer (SLAC)	Seunghwan Shin (POSTECH/PAL)	42
6 Beam Instrumentation, Controls, Feedback, and Operational Aspects	Alexander Aleksandrov (ORNL)	Adriana Rossi (CERN)	31
7 Accelerator Technology and Sustainability	Sergey Belomestnykh (FNAL)	Ming-Chyuan Lin (NSRRC)	69
8 Application of Accelerators, Technology Transfer, Industrial Relations, and Outreach	Patrick O'Shea (UMD)	Ezio Todesco (CERN)	26

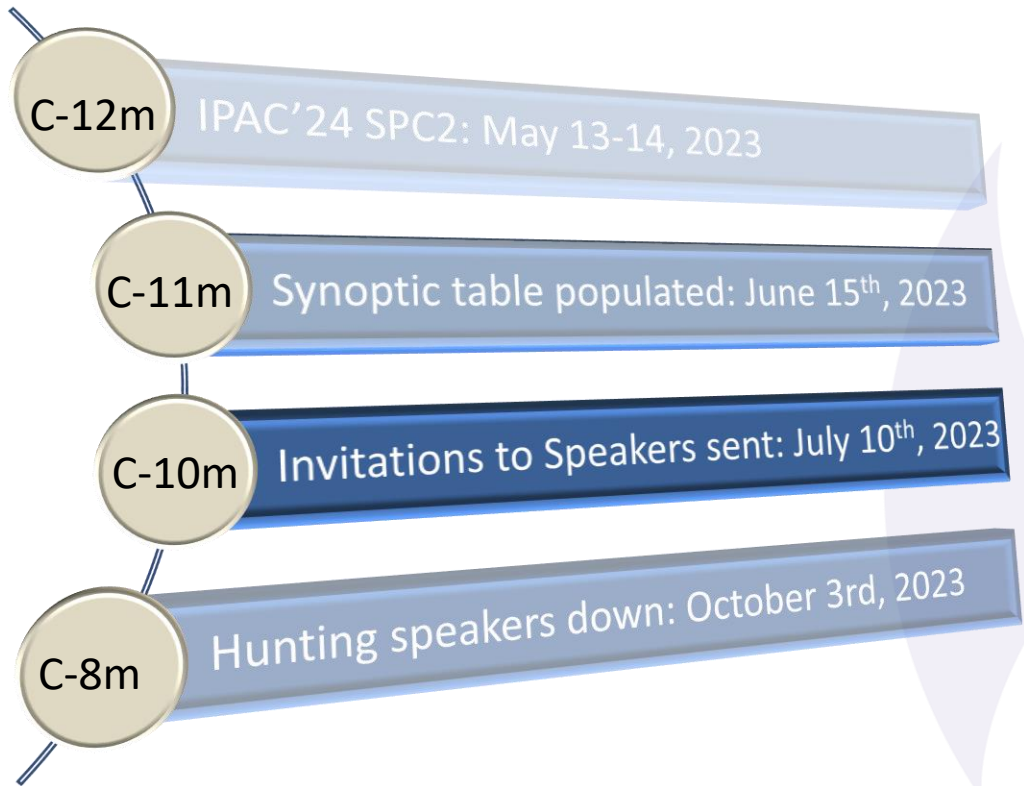

SPC Priorities Collected

- Some SPC members could not vote by the deadline as they were going over all MC submissions and not just their MC and needed a few days to finish;
- Follow-ups:
 - Email to SPC members was sent on April 29th, 2023 to get together with their deputies and to decide on the speakers and their backups based on votes;
 - May 8th, 2023 deadline;
- Outcomes:
 - Excel spreadsheets for each MC with ranking based on votes.
 - Report of Abstracts per MC.

2nd meeting of SPC

- IPAC'24 SPC2 Meeting (in Venice) to develop the Invited Oral program, including plenary and invited talks.
- Follow-ups:
 - May 14th, 2023 sent Summary from SPC2.
 - June 3rd, 2023 creating contributions from abstracts.
 - June 15th, 2023 is the deadline for feedback and endorsement on behalf of the IPAC'24 SPC.
- Outcomes:
 - The SPC chair distributed invited talks into the synoptic table before sending out invitation emails;
 - Learn how to create invitation emails using Mail Merge in Word, generating PDFs from a Word template and Excel spreadsheets.

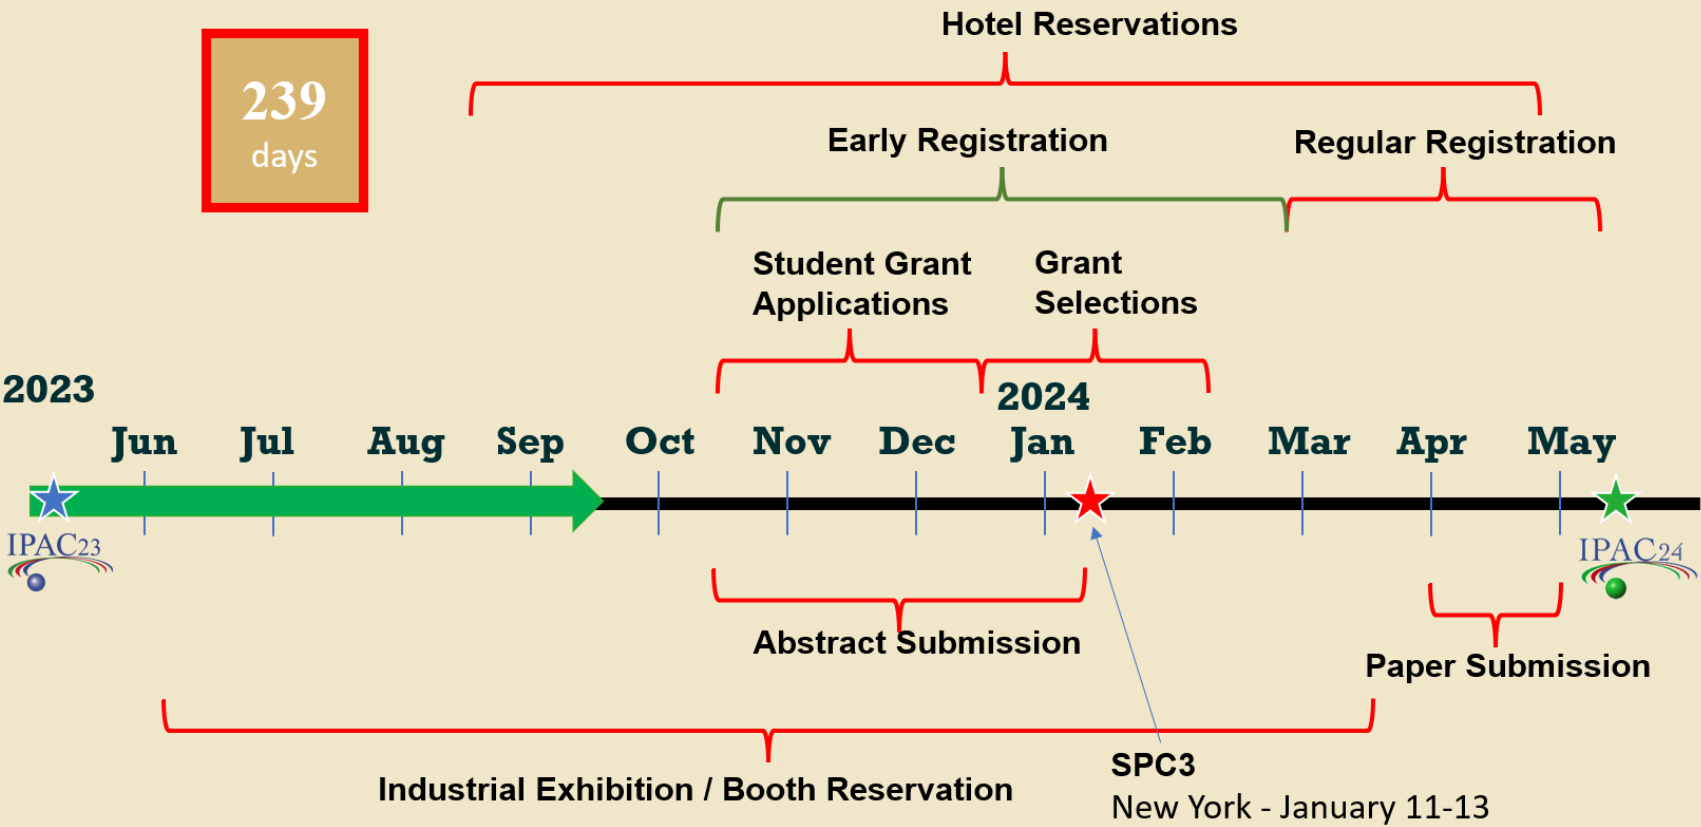

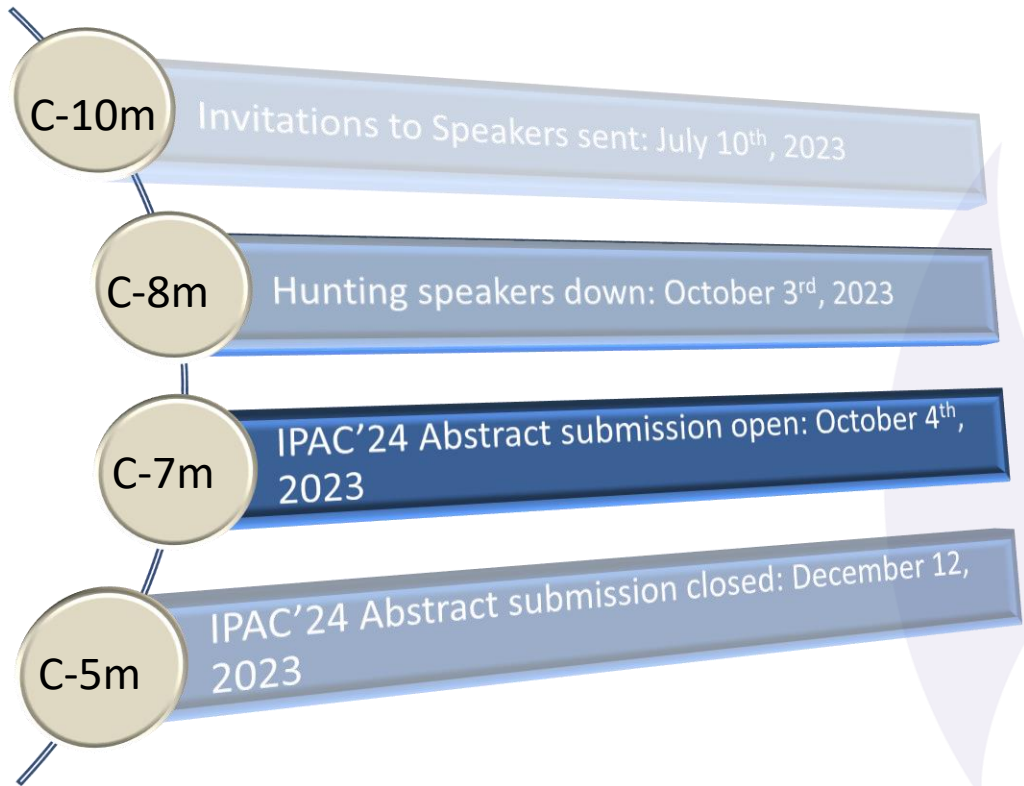

Scientific Secretariat Insights

- Summer is a slow period when Scientists around the world are not checking their emails or not ready to make commitments for the next year!
- Follow-ups:
 - We sent original invitations via email that has a notification feature about someone opening our emails.
 - We had to send reminders about invitations could be done via Indico now.
 - Making sure that email addresses are correct.
 - Ask speakers to help with sub-classification of their talks within MC.
 - Creating Sessions and Timetable in Indico: September 30, 2023 to October 1st, 2023.
- Outcomes:
 - Be ready with backups and alternative speakers.
 - Keep track of changes by updating Synoptic table.
 - Place the Synoptic table on ipac24.org before opening abstract submission.

IPAC'24 Timeline

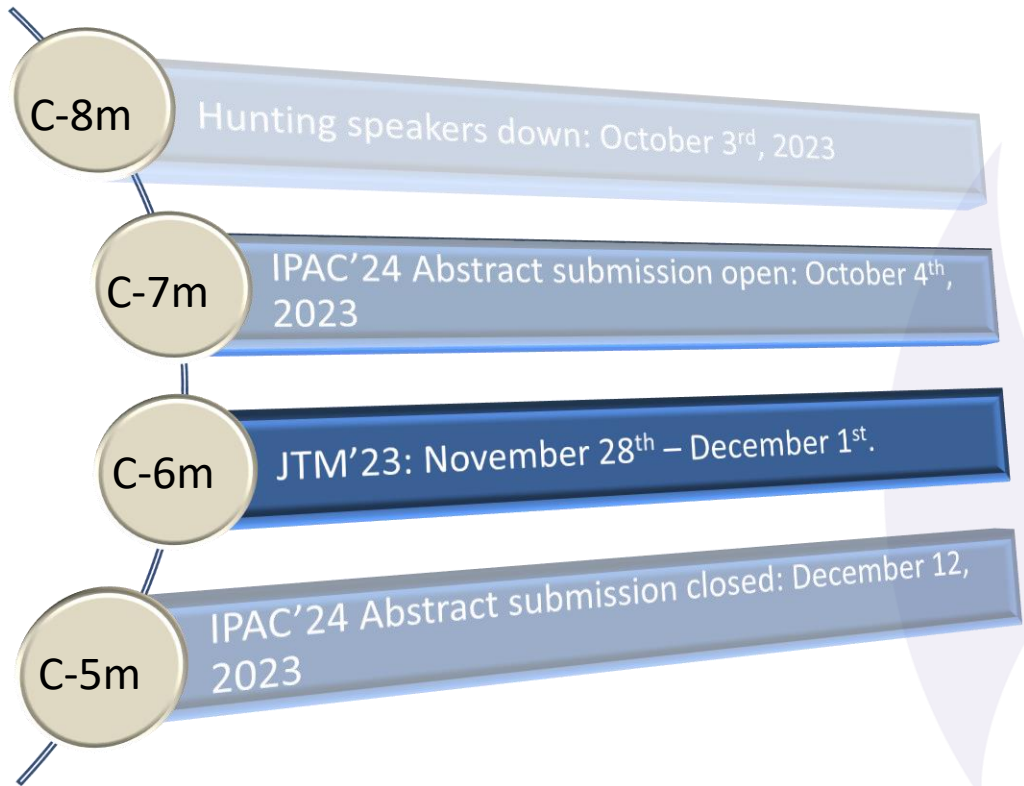

239
days

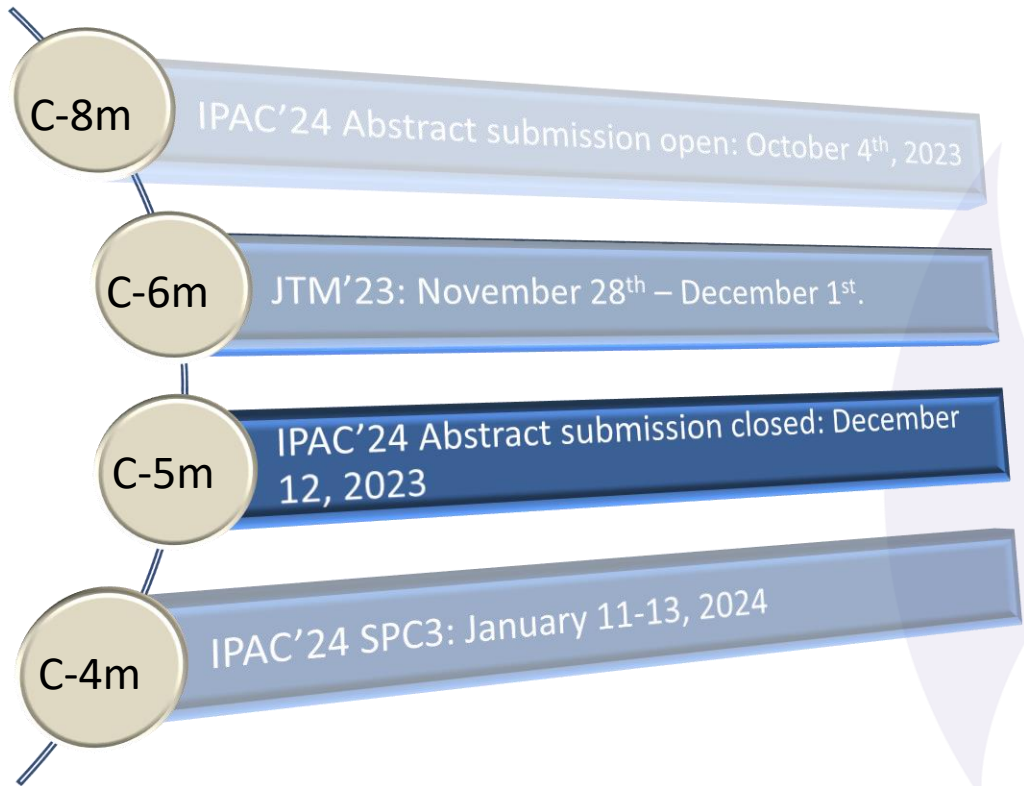

Insights

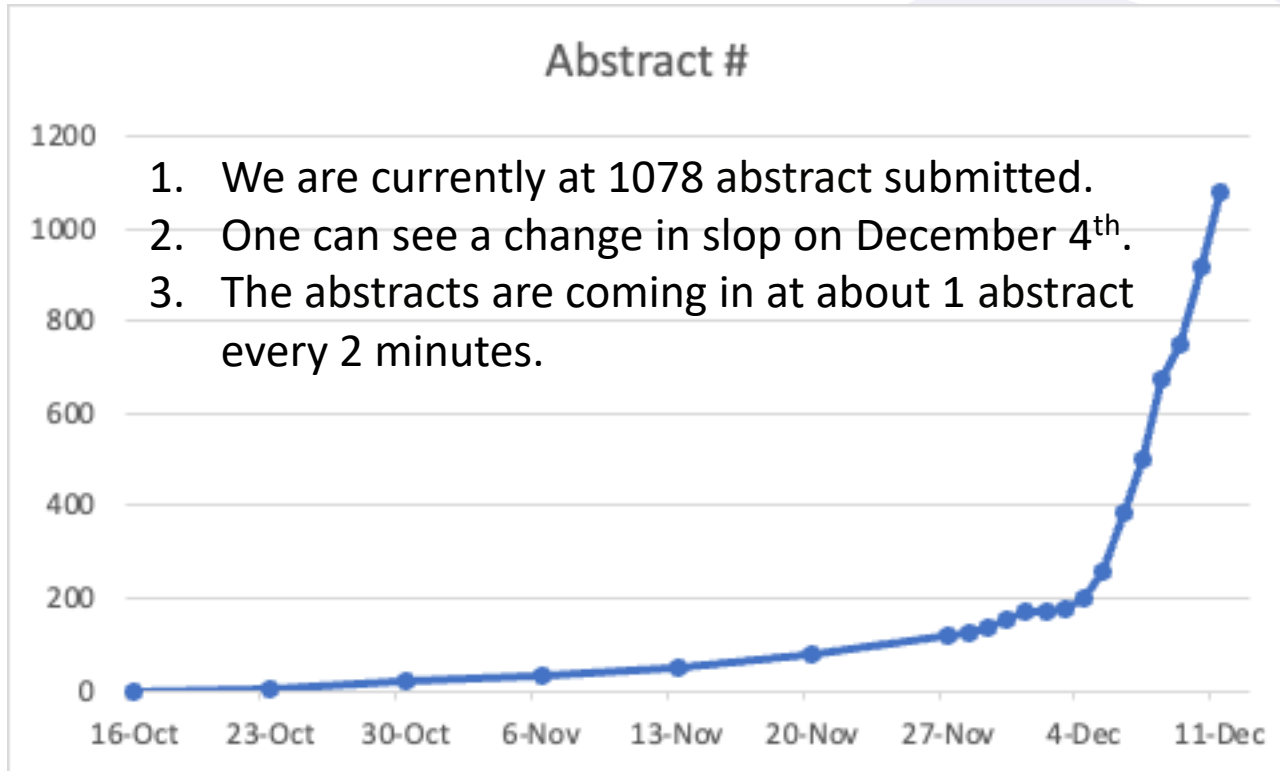

- Remember to delete abstracts submitted by SAB prior to opening abstract submission.
- Follow-ups:
 - I forgot to create sub Classifications (sub Tracks) for abstracts submission but fixed on October 8th.
- Outcomes:
 - We started assigning codes to contributions and forming a timetable in Indico;
 - Registration in Indico is also open;
 - I have created abstract fields to capture information about:
 - Region presented for SPC statistics
 - Latex/Word publication for Editors Office Stuffing.

Take vacation, spend time with your family, rest before ...

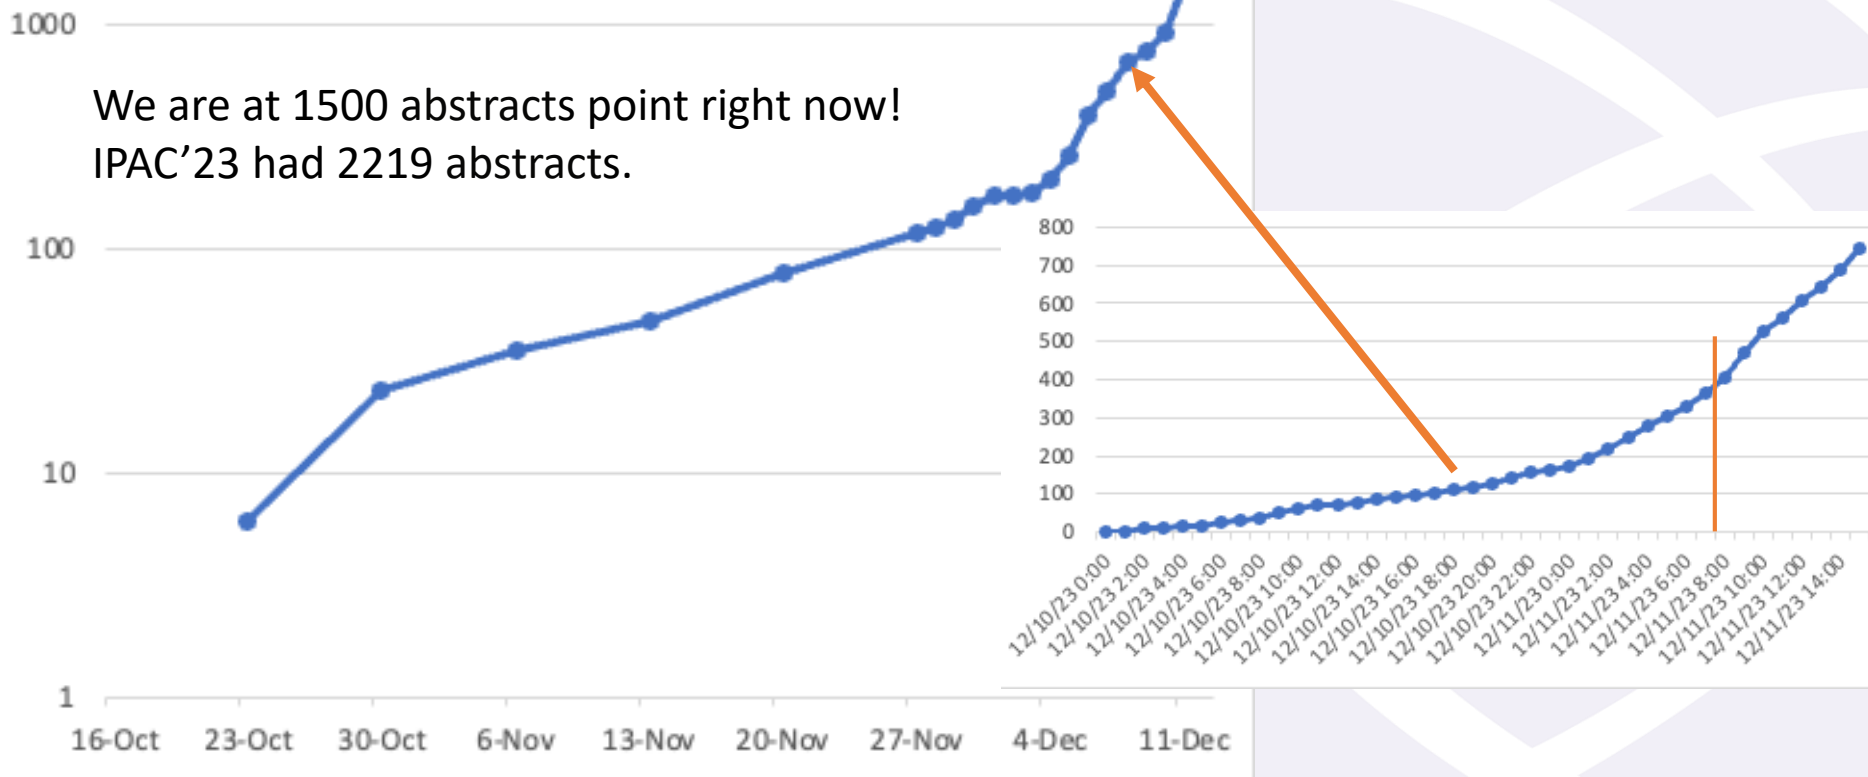

Monday December 11th, abstract report in the morning

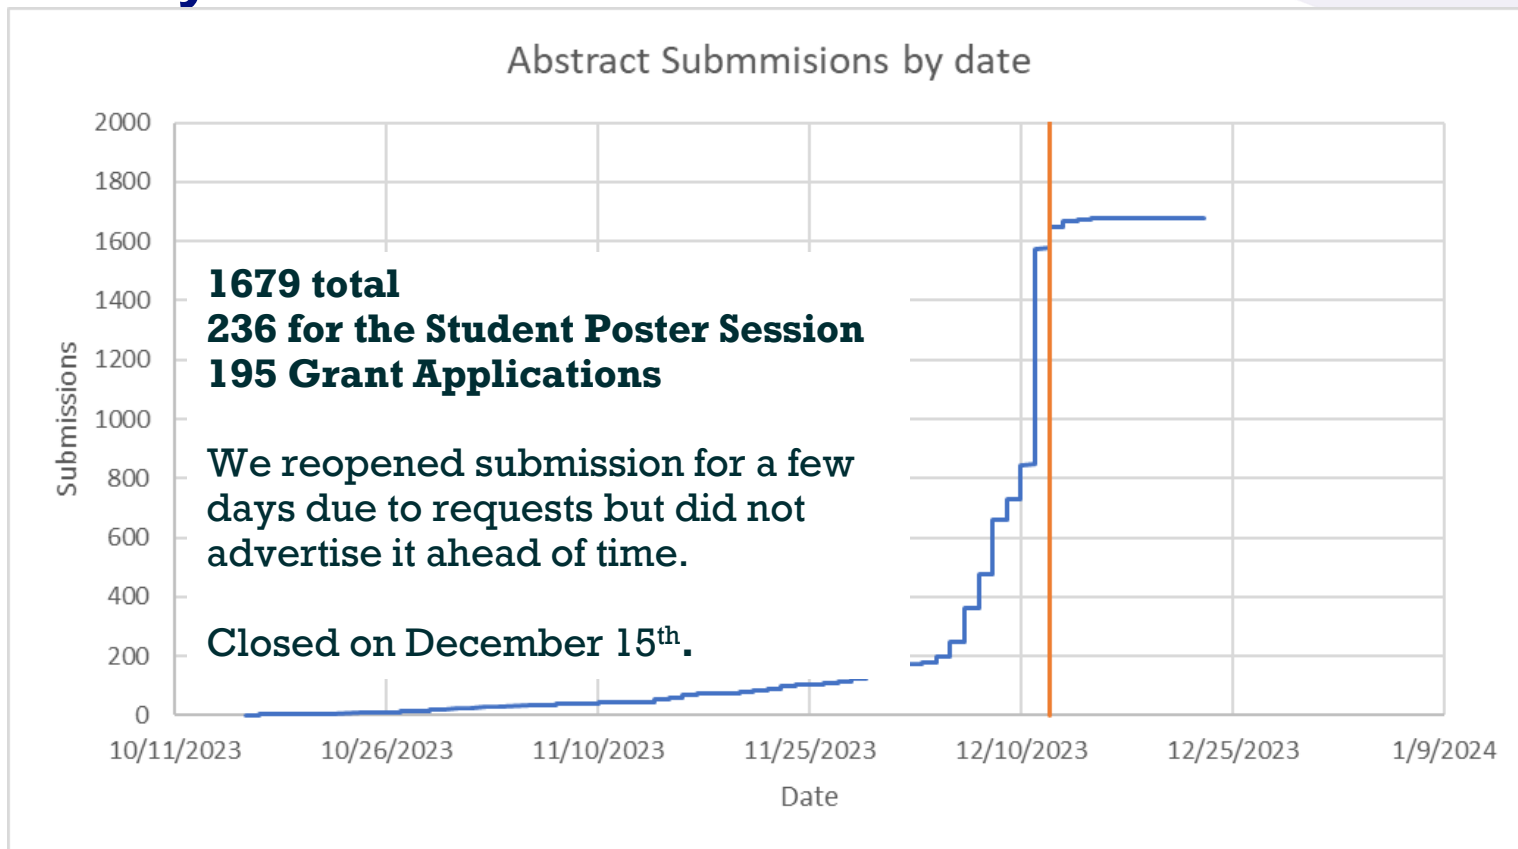

Abstract report 9 hours later

We are at 1500 abstracts point right now!
IPAC'23 had 2219 abstracts.

Final Tally of Abstract Submissions

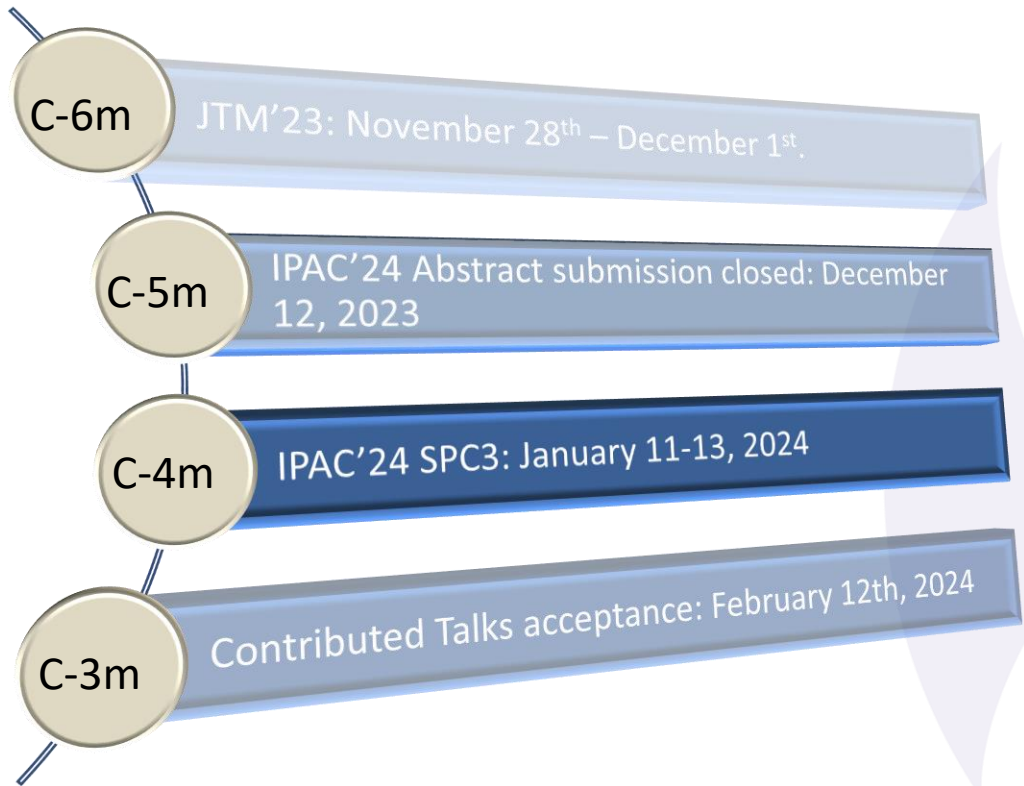

Preparation for 3rd SPC Meeting

- We have received **1662 Valid Abstracts**.
- December 25th: SPC is asked to review abstracts for SPC3 preparation with January 5th, 2024 deadline:
 - During this time, I am doing abstract QA;
 - My IPAC'25 colleagues have been doing QA as well;
- December 28th, Doctoral Student Award Nomination with February 15th, 2024 deadline, email sent to all submitters.

Insights

- January 6th, 2024: remind SPC to finish their reviews or ask for extension before SS starts generating reports for SPC3 on January 11th;
- January 8th: generate Excel reports per each MC with vote counts and ask SPC coordinators to prepare proposals for SPC3;
- January 9th: new votes came in, communicate updates to SPC coordinators;
- SPC recommended changing MC tracks for some of the abstracts during SPC3 – had to do it overnight during SPC3!
- January 17th: Send invitations and receive responses from CO and promoting abstracts to Contributions and scheduling them.
- January 22nd: continue abstract QAs;

Insights

- February 6th, 2024 to remind Contributed oral speakers to accept their talks;
- February 8th, populating Prize Session with talks;
- February 19th, notification about the status of abstracts to all authors;
- February 21st, working with SPC chair to arrange posters
- February 24th, converting abstracts to contributions and scheduling them!!!
- February 27th, Announcing Travel grants to Early Career Scientists with March 15th deadline.
- February 28th, 2024 duplicating contributions to populate student poster session and adding field: CAT_duplicate_of

How to distribute posters?

Problem with poster code assignment using village system that prioritizes MC vs authors, so authors ended up all over the place!

<https://www.jacow.org/Indico/Utilities>

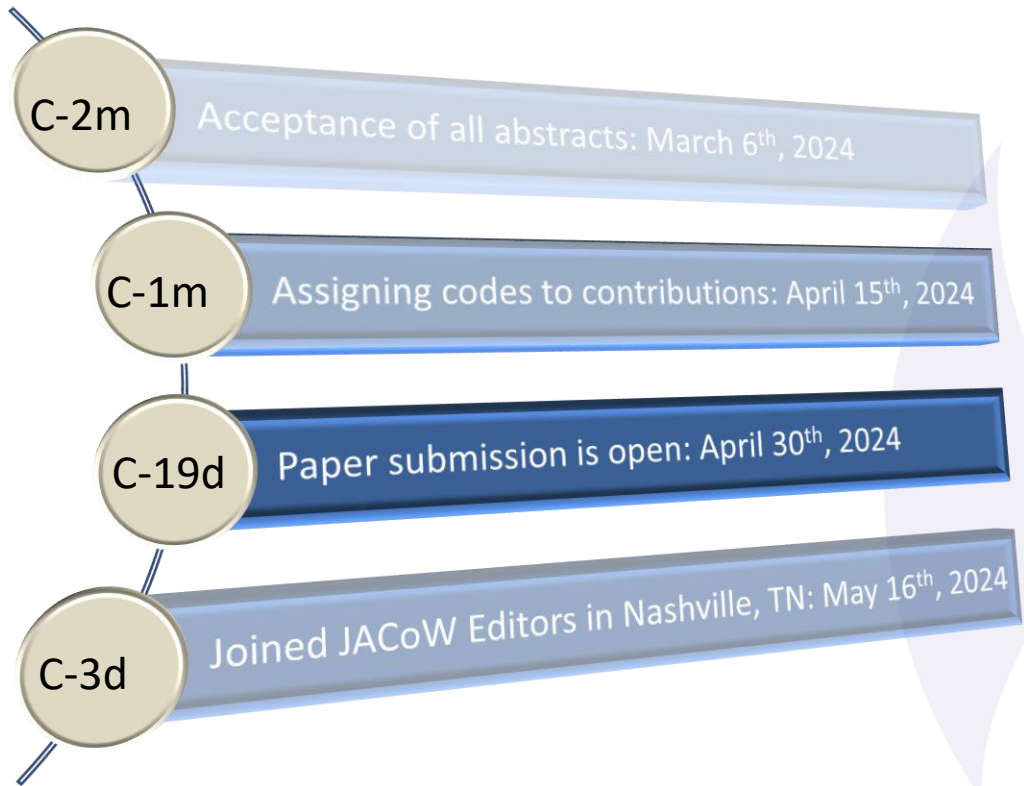

- March 6th, 2024 poster acceptance and scheduling has been announced.
- March 7th, 2024 requests to delete contributions started to come in
- March 11th, 2024 double check with students that they still want to present on Sunday.
- Contributions deleted, abstracts withdrawn
- March 13th, remind that only one speaker per contribution!
- March 27th, remind that only one speaker per contribution!
- April 15th, remind that only one speaker per contribution!
- Assigning codes to poster presentations

Insights

- April 15th:
 - Speak confirmation email, request of a short bio about yourself. Deadline is April 26th;
 - Chair confirmation email;
 - Make sure that PURR and MEOW systems are setup.
- April 24th: sent the reminder to withdraw a contribution **by April 26th, 2024** if not able to present.
- April 26th and 29th: Single speaker email reminder. We need to know how to space posters, so we need to know the presenter!
- April 30th: codes assigned again”.
- April 30th: paper and slide submission is open – no changes to codes!

Insights

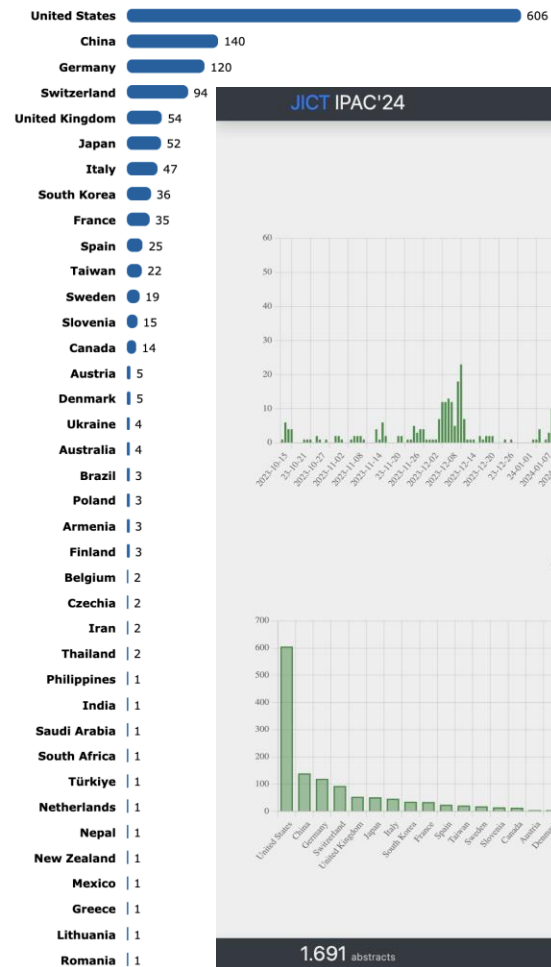

- April 30th: speaker confirmation and bio reminder again!
- April 30th: email announcement about paper submission!
- May 5th: reminder students that SUP posters do not publish contributions!
- May 15th: still confirming chairs for the sessions!
- May 16th: Final details for student events at IPAC'24!
- May 16th: Joined JACoW Editors in Nashville, TN!
- May 18th: still deleting contribution and withdrawing abstracts (22% final rate)!

General Statistics

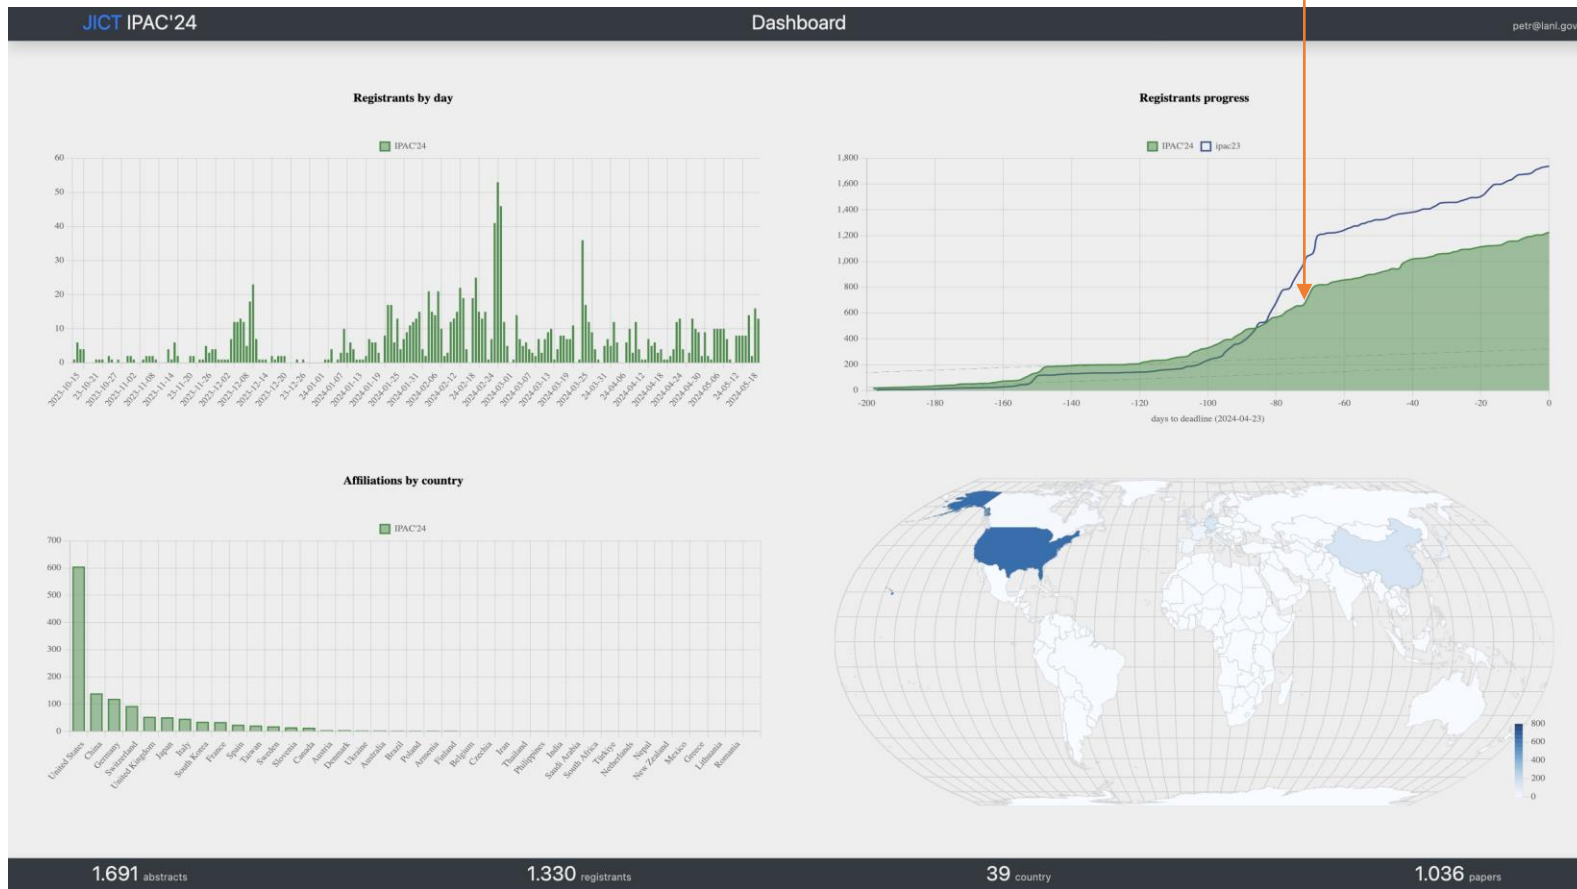

- Abstracts submitted by December deadline with a few late submissions was 1691;
- As of May 21st only 1329 abstracts (79% of total number) remains;
- Total number of contributions in the system is 1572:
 - 197 (13% of total number) contributions are to Student Session which are duplicates of regular contribution (1375);
 - The difference in numbers between abstracts and contributions is because Invited orals and Industry session do not have corresponding abstracts;
- 1036 (75%) contributions available/processed by authors;
- 339 contributions have no files to work with

- Editorial team has 26 members but we have change the procedure to be more efficient.
