

Session Program

20-26 Sept 2025

ICALEPCS 2025 - The 20th International Conference on Accelerator and Large Experimental Physics Control Systems

MOAG MC02 Control System Upgrades

Palmer House Hilton Chicago
17 East Monroe Street Chicago, IL 60603, United States of America

Monday 22 September

09:30

MOAG MC02 Control System Upgrades

Session |**Location:** Palmer House Hilton Chicago, Grand Ballroom, 17 East Monroe Street Chicago, IL 60603, United States of America

09:30–09:45

Status of the APS Accelerator Controls Following Its Major Upgrade

Speaker

Guobao Shen

09:45–10:00

Design and development of Diamond-II accelerator control system

Speaker

Mr Mark Heron

10:00–10:15

Upgrade and modernization of the CSNS accelerator control system towards CSNS-II

Speaker

Mr Yuliang Zhang

10:15–10:30

SLS 2.0 beamline upgrade experience: navigating modernization, legacy, and commissioning constraints

Speaker

Tine Celcer

10:30–10:45

Upgrading Fermilab's accelerator controls with ACORN

Speaker

Christian Roehrig

10:45
