Session Program

20–26 Sept 2025

ICALEPCS 2025 - The 20th International Conference on Accelerator and Large Experimental Physics Control Systems

WESV Speaker's Corner (MC13, MC14)

Palmer House Hilton Chicago
17 East Monroe Street Chicago, IL 60603, United States of America

Wednesday 24 September

16:30

WESV Speaker's Corner (MC13, MC14)

Session |
Location: Palmer House Hilton Chicago, 17 East Monroe Street Chicago, IL 60603, United States of America

16:30–17:00

Xopt and Badger: a machine learning ecosystem for real-time accelerator control and optimization

Speaker
Ryan Roussel

17:30–18:00 **Fermilab's control system development with digital twin**

Speaker
Pierrick Hanlet

18:00
