

Session Program

20-26 Sept 2025

ICALEPCS 2025 - The 20th International Conference on Accelerator and Large Experimental Physics Control Systems

TUCG MC09 Experimental Control and Data Acquisition

Palmer House Hilton Chicago
17 East Monroe Street Chicago, IL 60603, United States of America

Tuesday 23 September

13:30

TUCG MC09 Experimental Control and Data Acquisition

Session |
Location: Palmer House Hilton Chicago, Grand Ballroom, 17 East Monroe Street Chicago, IL 60603, United States of America |
Conveners: Mark Rivers, Steven Hartman

13:30-13:45 **EPICS areaDetector overview and update**

Speaker
Mark Rivers

13:45-14:00

Data acquisition and on-the-fly processing from high rate detectors at MAX IV

Speaker
Aleko Lilius

14:00-14:15 **A motion control system for fly scans synchronized to X-ray pulses**

Speaker
Nicholas Lentz

14:15
