

IPAC'25 - Insertion Devices for Future Light Sources Workshop (ID25)

Saturday 31 May 2025 - Sunday 1 June 2025

Taipei World Trade Center

Scientific Programme

MC0 : IDs in new Facility

MC1 : Operational experiences of Insertion Devices

MC2 : Superconducting Undulators/Wigglers

MC3 : Novel Devices / Permanent Magnet Undulators

MC4 : Measurement system / Automated Tuning

MC5 : Industrial Development for Undulators

MC6 : Control system & A. I. on IDs + Software development
